

LOUIS CICCONE - LOCAL 216
COLLECTION

This collection of varied material was presented to the Labor History Archives in February of 1965 by Louis Ciccone. Mr. Ciccone has been very active in union affairs in the Los Angeles area for several years. He has held offices in Local 216, UAW, South Gate California. The latest being Recording Secretary.

Many of the items in this collection relate directly to Local 216 and researchers are urged to consult the Local 216 Collection. Some of the material donated by Mr. Ciccone has been interfiled with the Local 216 Collection. These include minutes, financial reports, bulletins and handbills. Items retained in the Ciccone Collection are for the most part those created by Mr. Ciccone or those in which he had a particular interest.

Of particular note in the Ciccone Collection are items relating to a Local 216 Dispute over the non-communist affidavits required by the Taft-Hartley Act. There is also extensive political material, especially for the elections of 1948. Grievances for 1948 to 1950, submitted to Ciccone as a committeeman, have also been retained in the Ciccone Collection.
