The papers of Association of Catholic Trade Unionists- Detroit were deposited with the Labor History Archives in April 26, 1968 by Mrs. William Ryan.

The Association of Catholic Trade Unionists was a liberal Catholic group whose purpose was to "strengthen the union, promote their success and to prepare them for their role in a new age of economic democracy." The main effort of the Detroit chapter lay in publishing a paper, the Michigan Labor Leader, which eventually became the Wage Earner. The paper's main campaign was against communism.

In addition to the paper, the Association of Catholic Trade Unionist promoted labor schools for union members where the problems of religion and labor were discussed. Members of the Association of Catholic Trade Unionists and the labor schools came from a variety of locals in the area. Protestants were also invited to join.

In the Detroit area the Association of Catholic Trade Unionists received support from Edward Cardinal Mooney as well as other religious leaders.

Paul Weber, later press secretary to G. Mennen Williams, was President of the Association of Catholic Trade Unionists from 1939-47. William Ryan, later Democratic Speaker of the House in Michigan, was President from 1954-61. Richard Deverall was Executive Secretary for a time in the early 1940's.

In 1957 the Detroit chapter disassociated itself from the national group and became the Detroit Catholic Labor Conference.

The ACTU - Detroit Collection covers the period from 1938 to 1968.

THE ASSOCIATION OF CATHOLIC TRADE UNIONISTS - DETROIT

Description of Series

Material consists of correspondence, clippings, speeches, mats, pamphlets, newspapers and handbills. It is arranged in two series, one an office file for the Association of Catholic Trade Unionists and the other an subject file.

Boxes 1-6 Series I - ACTU Office File

This file consists mainly of ACTU and DCLC records. It includes correspondence from members of the Detroit Chapter, convention material, material on the labor schools and other programs they supported as well as correspondence from the Wage Earner. The yearly span covers 1938-1968 but there is very little material included from 1957-1968.

Boxes 7-39 Series II - Subject Files

This file of subjects is arranged alphabetically. The group tended to file under smaller headings rather than larger topics. Correspondence, clippings, mats, handbills and the like are included. The yearly span covers 1939-1968 but the major portion of the material falls in the 1940's and early 1950's.
