The papers of the Toledo Federation of Teachers were deposited with the Labor History Archives in 1968 by The T.F.T.

The Toledo Federation of Teachers, Local 250 of the A.F.T., was chartered on February 11, 1933. Raymond Lowry became the first president. In March of 1933, the T.F.T. affiliated with the Ohio State Federation Labor and also sent delegates to the Toledo Central Labor Union.

The purpose of the T.F.T. was not to replace the National; Education Association, the Ohio Education Association or the Toledo Teacher Association, but rather to work with these and other organizations for the benefit of schools and teachers.

The T.F.T. was active in the Toledo Central Labor Union. They supported other local unions and in turn were supported by them.

The Toledo Federation of Teachers Collection covers the period from 1933 to 1968.
