UAW Region 1B, representing locals in the southeastern and thumb areas of Michigan, was created at the 1939 convention. At that time, it supervised four locals representing 1,000 members. William McAulay served as its first director until 1959, when the International Executive Board dissolved Region 1B, reallocating most of its local into Region 1. In 1966, the International Executive Board divided Regions 1 and 1A into 1, 1A, 1B, and 1E. Ken Morris, elected co-director of Region 1 in 1955 and director in 1959, became director of the newly-formed Region 1B in 1966 and served until his retirement in 1983, when he was succeeded by Bob Lent. When Morris retired, Region 1B supervised 34 locals with 80,000 active members and 27,000 retirees. In addition to the major automotive manufacturers, Region 1B locals represent or have represented workers at Huck Manufacturing, TRW, Briggs Manufacturing, Eaton Manufacturing, and Bohn Aluminum.

The records of UAW Region 1B consist of minutes, correspondence, reports, grievance files, contract negotiating and organizing files, conference proceedings, and clippings and other printed material related to the servicing of its locals and its political activities in the region.
