Accession No. 1316

The papers of the Office and Professional Employees International Union Local 10 (OPEIU) collection were deposited in the Archives of Labor and Urban Affairs in April of 1987 and opened for research in October of 1993.

OPEIU was chartered by the American Federation of Labor in 1945 and was an outgrowth of an organization called the International Council of Office Employees Unions which had been established in 1942. OPEIU's predecessor name was Office Employees International Union (OEIU). From its inception, the OPEIU has involved itself exclusively with the field of office employment - as a separate entity from industrial employment.

Local Ten's predecessor union from 1929 to 1945 was the Stenographers, Typists, Bookkeepers and Assistants Union No. 16812. The union affiliated itself with OEIU in 1945, and Local 10 was established. The Union changed its name to Office and Professional Employees International Union in 1966.

The files reflect the organizing work of the local from the 1930's to the 1980's with many organizations in the metropolitan Detroit area.
