Abstract

The Division of Admissions, Records, and Registration, a division of the office of the University Provost, was reorganized in the 1970s and renamed Division of Admissions. Reorganization occurred again in 1981 with the formation of Enrollment Services, which reported to the Vice President for Student Affairs rather than the Provost. The Admissions Division Reports collection consists of statistical reports and studies issued by these offices from 1936 to the Spring/Summer semester of 1981. Reports issued for Fall 1981 and later semesters will be found in the Enrollment Services Collection (WSR000565).

The information collected and report formats vary over the years. Some reports are on a daily, semester/quarter or annual basis; others are consolidated and/or comparative. Some reports were issued over a long period of time with little or no change in information categories or format. With the exception "Miscellaneous Reports," titles of reports were used as folder titles.
