## INTERPRETATION OF THE ACADEMIC CEREMONY

---

This year the Faculty of Detroit Teachers' College has the privilege and honor of presenting the first class eligible for the degree, Bachelor of Science in Education. The academic form for the conferring of the degrees is arranged in accordance with the recommendations made by the Intercollegiate Commission for Commencement Exercises in America. In the Processional, the graduates wear the regulation bachelor's cap and gown and carrying the bachelor's hood over their arms. The "Hi Iuvenes" ceremony immediately following is observed as a recognition of the eligibility of these students to wear the bachelor's hood and receive the bachelor's degree. According to prescribed regulations, the hood is lined with the college colors, purple and gold, and trimmed with light blue velvet, the color and material distinctive of the degree, Bachelor of Science in Education. Since academic precedent has established the custom of giving the highest honors at the close of the commencement exercises, the conferring of the degrees is the final ceremony.

The students receiving the two-year certificates are wearing the prescribed undergraduate caps and gowns.

The members of the faculty are wearing the academic gowns and hoods signifying their degrees. The colors in the hoods indicate the institutions at which the degrees were conferred.
