Accession #605

The papers of Mark L. Kahn were placed in the Archives of Labor and Urban Affairs in 1977 by Dr. Kahn and opened for research in 2004. Mark L. Kahn was born in 1921. A native of New York, he received a B.A. from Columbia University in 1942. After three years of military service Dr. Kahn entered Harvard University, where he earned an M.A. in 1948 and a Ph.D. in economics in 1950. The title of Dr. Kahn's dissertation, "Industrial Relations in the Airlines: The Interaction of Unions, Management and Government in a Regulated and Subsidized Industry," reflects his career-long involvement with the airline industry.

Dr. Kahn joined the faculty of Wayne State University in 1949. A professor of economics, he was the chairman of the Department of Economics from 1961 until 1968. He was the director of the Master of Arts in Industrial Relations (MAIR) program from its creation in 1978 until his retirement in 1985. Dr. Kahn began serving as an arbitrator for labor disputes in 1953 and was accepted as a member of the National Academy of Arbitrators in 1955. Following his retirement from Wayne State, Dr. Kahn became a full-time labor arbitrator. He has received Distinguished Service Awards from both the American Arbitration Association and the U.S. National Mediation Board. Dr. Kahn's papers reflect his enduring interest in the arbitration of labor disputes in a wide range of industries, especially air transportation.
