Accession Number 95

The papers of UAW Local 662, Anderson Indiana were deposited with the Labor History Archives on January 21, 1966 by Robert Kinerk and Jim Courtney.

UAW Local 662 serves the General Motors plant, Delco-Remy Division in Anderson, Indiana. Local 662 received its charter on May 16, 1939. Within a year of that date it supplanted the former UAW Local 146 of Anderson Indiana, which had originated in 1935 and had served both the Delco-Remy plant and the Guide lamp plant of Anderson. Local 146 had received its major growth impetus from the events surrounding the Anderson area sit down strikes of 1937 and the organizing efforts of Victor Reuther. Local 146 split into Locals 662 and 663 at the time of the Homer Martin factional controversy.

The Collection contains materials from 1934 to 1960's.

Important Subjects are:

UAW Region 3 Summer School, 1948
Indiana UAW-CIO Merger attempt, 1956-1957
Perfect Circle Strike, 1955

Among the Correspondents and contributors are:

Ross Drennon
Robert Kinerk
Victor Maxwell
Eugene Pitts
Walter Reuther
