The papers of the University Staff Association were deposited with the Labor History Archives in March, 1968 and subsequent dates by the Association.

The University Staff Association represents the clerical, technical, and professional non-academic employees of Wayne State University. The Association has represented various non-academic employees since 1932, first as the Detroit Association of School Secretaries, later as the Wayne Chapter of the Detroit Association of Educational Secretaries, and in 1956 as the Wayne State University Office Personnel Association. In January, 1963, the name was changed to the University Staff Association.

The University Staff Association Collection covers the period from 1956 to 1969.
