Papers, 1940-75  
(Predominantly 1950-70)

28 linear feet

Accession No: 1692

The Adat Shalom papers were placed in the Archives of Labor and Urban Affairs in the spring of 1997 by the Synagogue and were opened for research in September 1997.

Established as the Northwest Hebrew Congregation and Center in 1944, Adat Shalom was created as a result of the need of the Jewish community in the Northwest section of the city of Detroit for a place of worship. From its humble founding in a vacant store on Yom Kippur night in 1943 the congregation grew. Temporary quarters were used throughout 1944. In 1945 High Holy Day Services were conducted at the Bagley School with 400 people joining in prayer and Rabbi A. Millgram of the Jewish Theological Seminary officiating.

With the great increase in membership during the 1944-45 year, and through the generosity of its congregants, the congregation began construction of the first section of its synagogue. The Northwest Hebrew Congregation and Center lower wing was dedicated on December 14, 1947. Rabbi Segal introduced Rabbi Henry Fisher who provided the dedication address. The accomplishments of the synagogue and its members have been many.

These papers reflect the activities of the religious body, its member organizations, and its spiritual leader throughout the years. Papers include membership lists, cemetery records, data sheets on individuals who married, died, were confirmed and celebrated their Bar Mitzvah. Educational information including curriculum and correspondence of the Rabbi and of those representing the congregation is also included. Synagogue memorabilia includes an assortment of commemorative books, dedication volumes and certificates.

## Series II, Boxes 27-50 - Rabbi Jacob Segal Papers

This series contains the papers of Rabbi Jacob Segal. Rabbi Segal served the Adat Shalom congregation from 1947 until his death in 1975. His dream as spiritual leader of the young congregation led to that congregation's development and place of prominence in the community. In tribute at the time of his death Gerald Rosenbloom noted that as result of his inspiration sixteen youth entered the Rabbinate, the Cantorate and other fields of Jewish education and service.

This series contains much of his correspondence, personal as well as professional and an extensive collection of his vast writings used as public speeches, synagogue sermons, and published papers. He saved quantities of material as potential talk material which are also contained herein.
