. . . feature sorority

In April, 1923, a group of women students at the Detroit Junior College organized the An-Tik-Lik Club, the second women's organization on the campus.

This organization was not looked upon with approval. The dean, Mr. D. MacKenzie and the head of women's activities felt the organization was unnecessary and ruled against it since it might prove a fore runner of "sororities." However, they were prevailed upon to allow the group to show their worth with the understanding that failure meant losing their campus sponsorship.

The members assisted organizations on campus, took an active part in college activities, distributed literary digest of the Collegian, collected \$425.00 for the first push-ball for the Frosh-Soph games. As a result of outstanding service to the University, the club as a whole received recognition.

In 1927, the group became a Greek letter social sorority. Through the years, the group has awarded a scholarship bracelet to the outstanding woman student in the L.A. College, who has maintained a high honor point average. The first Governor's Lady belonged to Alpha Theta Sigma. They participated in all college activities, sponsored parties for under privileged children, held inter-club parties, hay rides and wienie roasts. Group sponsor is Dr. Alice Crathern.

This group was organized so that its members might enjoy "the advantages of an association organized for mutual assistance in acquiring a sound and finished education, and in order that by cooperation and close fraternal brotherhood to promote and develop the virtue of good thinking and proper living and to share with one another the benefits and advantages of higher education."

As a social fraternity, Sphinx holds numerous parties, hayrides, picnics, dances, and stag affairs. The Alumni group and the actives compete in golf and basketball and hold two traditional events—a Thanksgiving dinner prepared by the actives and pledges, and a Spring Dinner Dance.

The members take great pride in their participation in campus activities. Their pie-throwing booth at Wintermart has been awarded the "best booth" plaque in 1946 and '47, and took second place in 1948. BUSIER and BUSIER...

Industry is busier than ever before, and so are we at Detroit Edison. Each week more homes and shops are going up . . . farms are modernizing. All are using more and more electricity.

This growing business and industrial activity means greater opportunities for trained people.

We congratulate the class of '49 and look to you, the graduate today, for leadership tomorrow.
